

Tournament Results December, 2016

Our December club tournament had 9 teams entered. Five teams had fish at the weigh-in. This tournament was held on a weekday after cold weather and rain caused cancellation of the Saturday date.

The weigh-in was at Sherry's Bait and BBQ on Dawsonville Hwy. in Gainesville. As shown in the December 21 Tournament Results page below, the team of Mark Hammond and Roy McMillan had the highest total weight at 5.4 pounds. The largest fish for the day was weighed in by Stan Kopkin at 1.7 pounds. Participants in the tournament enjoyed eating lunch at Sherry's.

As this was the final tournament of 2016 the annual winners for highest total weight and largest fish were determined. See the table below of the Monthly Tournament Summary Results. The annual winners of the highest total weight were the team of Jack Mantz, Mark Hammond and Don Healy with a total weight of 8.3 pounds caught in February. The annual winner of the largest fish honor was Royal Fanguy with a 2 pound fish caught in May.

Pictures of this month's tournament big fish winner and the winning team are attached below along with a table of the December Tournament Results. There are also pictures of the new weigh-in station and Dave Thornton assisting with the weigh-in duties.
