

# Tournament Results January 19, 2019

Our January 19 tournament included 22 teams with 68 participants. This was our largest tournament to date. This was a particularly great turnout as the morning was foggy, cold and sometimes rainy.

At the 1:00 PM weigh-in at Johnny's Barbeque, the team of one, Larry Frazier, won the largest 7 combined fish weight at 9 lbs. 14.4 oz.

The largest fish of the day was caught by Jim Killebrew at 1 lb. 13.2 oz.

Fishing results were good for this tournament as 17 out of 22 teams weighed in some fish. The total weight for the winning team was very good as fish are getting heavier for the upcoming spawning season. A total of 115 fish were weighed in. Of the 68 participants, 38 weighed in at least one fish.

Below please see the attached January 19 Tournament Monthly Summary, Tournament Big Fish Tally Sheet, and the Tournament Team Tally Sheet (first page only due to limitations on my computer). There are also some pictures from the weigh-in at Johnny's.
