

Tournament Results October 13, 2018

Our October 13 tournament included 12 teams with 25 participants including several guests from the Jericho House organization. It was a sunny morning with temperatures rising as the tournament progressed. The participants from Jericho House seemed to enjoy their experience and were very thankful to the club members who took them out fishing.

At the 1:00 PM weigh-in at Sherry's Bait and Barbeque, the team of Clayton Nugent, Chip Gibbs and Jim Topa won the largest 7 combined fish weight at 7 lbs. 9 oz.

The largest fish of the day was caught by Chip Gibbs at 1 lb. 4.8 oz.

Fishing results were mixed for this tournament as only 7 out of 12 teams weighed in some fish. A total of 81 fish were weighed in. Total weight of the fish caught dropped a bit from the last tournament with about 30 pounds this week vs. about 40 pounds on Sept. 29. Lake Lanier waters are still unseasonably warm and it is hoped that as the water continues to cool the catches will improve in all areas.

Below please see the attached October 13 Tournament Results Form and Monthly Summary along with some pictures from the weigh-in at Sherry's.
