

# Tournament Results February 16, 2019

Our February 16 tournament included 19 teams with 56 participants. This was another great turnout.

At the 1:00 PM weigh-in at Johnny's Barbeque, the team of Dean Lanford and Rich Wilkes won the largest 7 combined fish weight at 8 lbs. 11.2 oz.

The largest fish of the day was caught by Mark Hammond at 2 lb. 1.8 oz. This is the new largest fish for the year.

Fishing results were modest for this tournament as 14 out of 19 teams weighed in some fish. The total weight for the winning team was again very good as fish are getting heavier for the upcoming spawning season. A total of 115 fish were weighed in. Of the 56 participants, 34 weighed in at least one fish.

Below please see the attached February 16 Tournament Monthly Summary, Tournament Team Tally Sheet, and the Tournament Team Points Sheet (first pages only due to limitations on my computer). There is also a picture of Mark Hammond with his big fish.
