

# Tournament Results September 29, 2018

Our September 29 tournament included 11 teams with 28 members participating along with several guests from the Outdoors Without Limits (O.W.L.) organization. The weather was wonderful as the wind was calm and it was a sunny morning. The participants from O.W.L. certainly seemed to enjoy their experience and were very thankful to the club members who took them out fishing.

At the 1:00 PM weigh-in at Sherry's Bait and Barbeque, the team of Terry Richards from Sherry's Bait and BBQ along with Woodie Malone won the largest 7 combined fish weight at 5 lbs. 12.4 oz.

The largest fish of the day was caught by Woodie Malone at 1 lb. 8.6 oz.

Fishing results improved for this tournament as 9 out of 11 teams weighed in some fish. Total weight of all fish caught improved from the last tournament with about 40 pounds this week vs. only about 25 pounds on Sept. 9. It is hoped that as the water continues to cool in Lake Lanier the catches will improve in all areas.

Below please see the attached September 29 Tournament Results Form and Monthly Summary along with a group picture from the weigh-in at Sherry's.
