

# Tournament Results September 8, 2018

Our September 8 tournament included 12 teams with 30 members participating. The weather was wonderful as the wind was calm and it was a sunny morning. The temperatures rose slowly during the tournament hours.

At the 1:00 PM weigh-in at Sherry's Bait and Barbeque, the team of Chip Gibbs and Mark Hammond won the largest 7 combined fish weight at 5 lbs. 5 oz.

The largest fish of the day was caught by Clayton Nugent at 1 lb. 3.4 oz.

Fishing results were spotty for this tournament as only 7 out of 12 teams weighed in some fish. Total weight of all fish caught was down from the spring tournaments' 50-60 pound catches. The total for this tournament was just over 25 pounds. It is hoped that as the water cools in Lake Lanier the catches will improve in all areas.

Below please see the attached September 8 Tournament Results Form and Monthly Summary along with some pictures from the weigh-in at Sherry's.
